

Allergy and Anaphylaxis Course for Schools

1 hour

Loved by

Education settings preparing for **Benedict's Law** statutory guidance, including:

- Primary schools
- Secondary schools
- Multi-Academy Trusts

Help your school team feel calm, confident and ready to act in an allergy emergency.

With **Benedict's Law** bringing statutory allergy safety expectations for schools from September 2026, staff training is a key part of getting prepared. But behind every policy and procedure is something really simple:

A child needs the adult nearest to them to know what to do.

This focused **1-hour Allergy & Anaphylaxis course** has been specifically created to help schools meet the upcoming Benedict's Law statutory guidance. Giving staff clear, practical training, including **crucial hands-on practice** with trainer adrenaline auto-injectors. It's ideal for INSET days, twilight sessions and all-staff training.

Great to know!

- Created specifically for schools in line with **Benedict's Law**
- Can train up to 40 staff in one session
- Ideal for all-staff training - as part of Benedict's Law requirements
- Practical and confidence-building
- No formal test
- Certificates provided

We'll cover

- What allergies and anaphylaxis are
- Common triggers in school settings
- Signs and symptoms to look out for
- What to do in an emergency
- When and how to use an adrenaline auto-injector
- Hands-on practice with trainer auto-injectors
