

## Scope Of Assessment

As a business we have a legal responsibility to protect our trainers & delegates from risk to their health & safety. We have put together a Covid-19 Desford Risk Assessment which outlines what measures are in place to minimise the risk. This risk assessment has been produced using government guidance at the current time of writing and the changes to our training has been guided by the Resuscitation Council UK Statement found [here](#). This assessment takes into consideration First Aid training guidelines; we recognise that delegates need to be confident in providing first aid during the Covid-19 pandemic, but also, the first aid qualification varies depending on the course from 1-3 years. So, we recognise the need to train delegates to confidently provide first aid after the pandemic too. This risk assessment will be reviewed and updated on a weekly basis in line with any government legislation and any other ongoing updates/changes which require consideration.

## Covid-19 Symptoms

The main symptoms of Covid-19 are:

- High Temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- New, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- Loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

This information has been provided by the NHS and can be found on <https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms/>

What are the hazard (s)?	Who Might Be Harmed?	What are we doing?
If a delegate who is infectious with Covid-19 or displays symptoms which may be passed to other delegates	Delegates Trainer	<ul style="list-style-type: none"> <li>• As part of our booking terms and conditions it is stated that if a delegates is experiencing any Covid-19 symptoms or has a confirmed case of Covid-19 or has recently been instructed via the NHS track and trace to self-isolate, then they must continue to self-isolate and not attend the course.</li> <li>• We will send the person who books a reminder email before the course starts which will include instruction for the delegate to not attend if the above applies.</li> </ul>

# COVID-19 Desford Risk Assessment

Delegates or trainers can emit water droplets that travel approx. 1m when talking and particularly if they cough or sneeze.

Delegates  
Trainer

- As per HSE guidance the centralised air conditioning system will remain switched off and fresh air supply will be used ie windows being kept open during hot weather
- Delegates and trainer will remain socially distant as much as possible throughout the entire course. We have set up our training room to ensure people stay distance; this includes floor markings as a guide to delegates & trainer(s) for distancing purposes.
- Delegates will receive instructions on respiratory hygiene on arrival. Should they need to cough/sneeze this should be done in a tissue, which will be provided in each delegates workstation box, and this is to be disposed of immediately. Failing that delegates should cough into a bent elbow and never cough without covering their mouth/nose. Hands should be sanitised immediately after and these instructions will be supervised by the trainer throughout the course. The video can be found following the link: <https://youtu.be/1APwq1df6Mwb>

# COVID-19 Desford Risk Assessment

Delegates or trainers may contract the virus by touching contaminated surfaces then touching their mouth, nose or eyes

Delegates  
Trainer  
Other person(s) within building

- Trainer to the open front door & keep open whilst delegates arrive/leave so delegates are not touching door/entry point
- Trainers will be provided PPE including hand sanitiser and gloves which are encouraged to be used upon first entry and handling.
- We have 1 allocated toilet within the communal areas to avoid sharing with neighbouring businesses. This is made clear through signage. The landlord has informed us that there will be more frequent cleaning of the toilets and communal areas.
- 1 cup, a spoon, glass, and a water bottle will be provided for each delegate & individual tea/sugar & coffee in bowls to avoid shared touch. Delegates will be advised to sanitise before making a drink and disposable gloves are available. Also delegates can bring their own drinks & food if they wish however must take home to wash. We are not providing lunch for our delegates to reduce further.
- Delegates will be reminded to sanitise frequently throughout the course ie on arrival, after every practical session, and after touching any shared equipment/common touch objects.
- After every course the trainer will clean and sanitise thoroughly (they must wear full PPE) and set up the room ready for the next course. There will be a checklist for trainers to sign for monitoring purposes.
- Each delegate is to have their own workstation box which includes all the course paperwork, tissues, hand gel, first aid supplies, glass, and a cup required for the course.
- Delegates will receive instructions on "how to wash hands" - this will be carried out on all courses. The link to the video is found here - <https://www.youtube.com/watch?v=aGJNspLRdrc>
- Trainers will wear fresh uniform each day.
- Should trainers need to obtain supplies for the training centre they must sanitise before and after touching.
- Training centre will have an automatic hand gel dispenser for delegates & trainers to use. There will also be a dispenser within reception area if required.
- There will be a sign outside the training centre informing delegates that we will open our doors 10 minutes before the course starts (to prevent groups of people waiting in reception areas)
- Delegates are encouraged to avoid the shop area of the training centre, unless they are making a purchase. Should a delegate wish to purchase from our shop the trainer and delegate(s) will need to remain socially distant throughout the process.

<p>CPR Manikin Hygiene: If manikin hygiene is not strictly adhered to, there is a risk of passing the virus from shared use.</p>	<p>Delegates Trainer</p>	<ul style="list-style-type: none"> <li>• If possible, we will encourage 1:1 manikin ratio.</li> <li>• When it is not possible to have 1:1 manikin ratio then shared manikins will be kept to the same small group of delegates. Delegates will be instructed to clean the manikin after their use to minimise risks of the virus spreading. They will also be instructed to sanitise their hands prior to using the manikins and any other course resources.</li> <li>• Manikins will be cleaned after each course in line with manufactures cleaning guidelines</li> <li>• A 'double fail-safe' level of protection will be in place to prevent the possibility of cross contamination from rescue breaths. Combinations include: a) 1:1 manikin ratio b) Shared manikins - each delegate will be issued with 1 Adult, 1 Child, 1 Baby lung to be able to perform rescue breaths on assessment points only and 70% alcohol wipes to be used after each delegate use. This means delegates can safely practice rescue breaths because we will change the lungs of the manikins after each person has demonstrated rescue breaths.</li> <li>• All lungs will be disposed of in outside bins once course is completed.</li> </ul>
<p>There is a risk of infection when cleaning/servicing CPR manikins</p>	<p>Delegates Trainer</p>	<ul style="list-style-type: none"> <li>• All trainers must use personal protective equipment (PPE) when disassembling manikins for cleaning or servicing. This applies to cleaning of any other training resources too. PPE includes - re-usable washable face mask, disposable gloves, disposable apron &amp; eye protection</li> </ul>
<p>There is a risk of infection from shared kit and bandages</p>	<p>Delegates Trainer</p>	<ul style="list-style-type: none"> <li>• Bandages – there will be 2 options to manage the risks of infection spreading through shared use of bandages. 1. Each delegate will receive their own bandage to keep / dispose of when finished. 2. Delegates place used bandages into a container which we will then quarantine before they are used again. Also, before delegates make contact with any course resources they will be asked to hand sanitise.</li> <li>• Anaphylaxis pens will be used by delegates for demonstration and practicing for assessment point. Delegates will sanitise hands before use and the pens will be cleaned with 70% alcohol wipes in between each use. Social distancing will be considered during the passing of objects - e. g. placing them on the table for a delegate to collect as appose to passing them in person.</li> </ul>
<p>Fire safety/Tests</p>	<p>Delegates Trainer Other person(s) within building</p>	<ul style="list-style-type: none"> <li>• All doors will be opened for delegates to make their own way outside to the fire assembly point. Fire extinguishers are kept behind the doors, which will prevent delegates from touching them unnecessarily</li> <li>• Delegates &amp; trainer will be advised to remain socially distant in the event of any fire alarm/emergency light tests and asked to sanitise upon returning into the building.</li> </ul>
